INSTITUTE OF DENTAL SCIENCES המכון למדעי רפואת השיניים

The Hebrew University of Jerusalem  
Faculty of Dental Medicine  
Tenure Track Position

The Institute of Dental Sciences of the Faculty of Dental Medicine is pleased to announce a call for applications for a tenure track position in biomedical research that will be available starting October 2018.

The Institute is a multi-disciplinary center comprising researchers in immunology, microbiology, developmental biology, cancer research, biophysics, systems biology, salivary research, and tissue engineering. To apply, Ph.D., Ph.D.- D.M.D., or Ph.D.-M.D. degrees and postdoctoral training are required. Candidates are expected to develop independent research in an area of bio-medicine, and to actively participate in the preclinical teaching program of the dental faculty, and in the graduate program in biomedical sciences.

Applications, including C.V., list of publications, outline of future research and three letters of recommendation should be uploaded to <http://ttp.ekmd.huji.ac.il>.

Address: Faculty of Dental Medicine
